

TRAFFIC SIGNS

The safety signs and signals regulations state that external traffic routes between buildings must be marked. In addition routes shared between vehicular traffic and pedestrians should be adequately segregated and signed. Use our range of Class 2 reflective aluminium traffic signs, available as plate only for wall fixing or supplied complete with channel for post fixing. Manufactured from 3mm aluminium. Complies to BS873.

All our road traffic signs are available in both Class 1 and 2 reflective face which comply to BS 873. Prices on this page are for class 2 product. Class 2 are suitable for all locations excluding Motorways and major roadways. Contact our sales office for prices on class 1 products.

ROAD SIGN FIXINGS ON PAGE 66

POSTS AND FIXINGS

Choosing the right fixing method is all important when choosing your signage requirements. From post mounted, to projecting signs or surface fixed to frame surround each option adds a different dimension to the finished scheme. Using the latest fabrication technology all types of fixing solutions can be undertaken to meet your exact requirements.

CAP1
Endcaps add a finishing touch to posts supplied separately.

POST1
1.5 metre Traffic Post x 76mm
Grey, plastic coated steel for ultimate durability and good looks. Both heights supplied in 76mm diameter.

POST2
3 metre Traffic Post x 76mm

Recommended depth of 400mm to be sunk into ground for POST1 or 600mm for POST 2.

BASE P1
Base plates for use in conjunction with traffic posts supplied separately.

BB1 Banding buckles per 100.
BB2 Banding tool.
Ensures a permanent fix for steel banding. Supplied in boxes of 100. Banding tool for use in fixing steel banding to support in conjunction with channel adaptors.

Standard Post Clips 50mm

CLIPS1
2" clips supplied in pairs. Suitable for scaffold poles or existing railings and barriers.

Standard Post Clips 76mm

CLIPS3
3" clips supplied in pairs. Suitable for scaffold poles or existing railings and barriers.

BB3
100' x 13mm roll steel banding for use in conjunction with channel adaptor will accommodate any non standard support.

STRAP1 (pair)
STRAP2 (pack of 10)
Steel buckle straps will strap onto posts up to 150mm diameter. Easy tighten operation ideal when a full roll of banding is not required.

STANCHIONS

Durable outdoor frames constructed from grey coated angle iron. **ST2** will accept any 600 x 450mm sign shown throughout this brochure.

ST2 Single sided
ST3 Double sided

RUBBER SPEED RAMPS

A tough and economic ramp system manufactured from recycled thermoplastic. 50mm high by 500mm wide sold in pairs (one black, one yellow) each pair forms 1 metre in length. Each pair comes complete with sufficient fixings.

- Tough durable rubber
- 10 mph control rating
- CATS EYES fitted as standard
- Any length of ramp can be formed
- Quickly installed and re-locatable
- Fixing bolts included with all ramp sections
- Two end sections can also make a circular speed bump

Two end sections make a circular bump!

ECORAMP4
Each section 500mm long.
Sold in pairs
1 Yellow and 1 Black

ECORAMP3
Each section 175mm long.
Sold in pairs
1 Yellow and 1 Black

NEW

RUBBER CABLE PROTECTOR

External cable protectors ideal for the protection of permanent or temporary cables on site.

- 3 division cable protector
- Suitable for foot or road traffic
- Time saver 'snap in' of the top cable
- 20mm diameter top hole
- Supplied in 10m rolls or 1m lengths
- Unique 'anti crush' simple to use product

RCP1
10 metre roll

RCP2
1 metre section

PREMIER SPEED RAMPS

VER1
(sold in pairs)
Highly reflective verge posts, ideal for restricting access, marking obstructions and direction of traffic. 1100mm high comes complete with a 360mm ground spike.

RAMP1
(Supplied in pairs inc. fixings)
will cover 500mm.

RAMP END
(Supplied in pairs inc. fixings)
will cover 500mm.

This versatile modular system enables ramps of any length to be formed. Supplied in pairs, one black, one yellow complete with fixings. Each single module is 400mm x 250mm. Ensures speed around sites is controlled and safe. Round endcaps are recommended for a neat finish (supplied in pairs - black). Avoid the expense of on-site accidents.
